

H S 40, M 130, L 190 CM
S - NO DIMMER | L & M - WITH DIMMER

DESCRIPTION

The Shift Lamp is a contemporary lighting fixture that combines geometric simplicity with functional design. Featuring a clean, linear structure, it is crafted with high-quality materials such as metal or wood, creating a striking visual contrast. The lamp's adjustable elements allow for versatile placement and light distribution, making it ideal for modern spaces. Whether used as a desk lamp or as ambient lighting, the Shift Lamp provides both style and practicality, offering an elegant solution for any room while complementing a variety of interior styles.

PRODUCTION PROCESS

The production process for the Lamps follows a similar, meticulous approach. It begins with the selection of high-quality materials, such as metal or wood. Each piece is carefully cut and shaped using advanced machinery to ensure precision and consistency in design. Skilled artisans then assemble the lamp, paying close attention to detail to ensure stability and functionality. Once the lamp's structure is complete, it undergoes a surface treatment to enhance the materials' natural textures, whether through polishing metal surfaces or sanding and finishing the wood. The final steps include installing the lighting elements, followed by thorough quality control checks to ensure the lamps meet Artisan's high standards for performance and aesthetics. After passing the quality check, the lamps are carefully packaged to ensure they arrive in perfect condition, ready to enhance any space.

PRODUCT TYPE

Lamp

USAGE

Indoor

DISMANTLING OPTION

Yes (3 steps dimmer)
