

H 40, 188 CM | S - NO DIMMER | L - WITH DIMMER

## DESCRIPTION

The Insert Lamp is a minimalist yet innovative lighting piece that integrates seamlessly into its environment. With a sleek, refined design, this lamp features a unique insert mechanism that allows it to be placed in various positions or configurations. Crafted from premium materials such as metal and wood, the Insert Lamp combines modern aesthetics with functional versatility. It is perfect for accent lighting or as a focal point in contemporary interiors, offering soft, inviting illumination that enhances the atmosphere of any space.

## PRODUCTION PROCESS

The production process for the Lamps follows a similar, meticulous approach. It begins with the selection of high-quality materials, such as metal or wood. Each piece is carefully cut and shaped using advanced machinery to ensure precision and consistency in design. Skilled artisans then assemble the lamp, paying close attention to detail to ensure stability and functionality. Once the lamp's structure is complete, it undergoes a surface treatment to enhance the materials' natural textures, whether through polishing metal surfaces or sanding and finishing the wood. The final steps include installing the lighting elements, followed by thorough quality control checks to ensure the lamps meet Artisan's high standards for performance and aesthetics. After passing the quality check, the lamps are carefully packaged to ensure they arrive in perfect condition, ready to enhance any space.
